Small Actions Make a Big Difference

Together we can build a cleaner, greener and healthier community.

Get Involved

Our Project

We organize community service activities to promote environmental awareness, clean surroundings, and sustainable living.

Clean Environment
Keep our surroundings clean and green.

Awareness
Educate people about waste management.

Community Support
Encourage volunteering and participation.

Project Objectives

- Reduce plastic waste and pollution
- Promote recycling and sustainable habits
- Engage students and local community
- Create a greener and healthier environment

Beneficiaries

Local residents, school children, shopkeepers and public-space users benefit from this project.

Project Timeline

1. **Week 1 — Survey**
   Identify community needs.
2. **Week 2 — Planning**
   Assign tasks to volunteers.
3. **Week 3 — Implementation**
   Conduct cleaning and awareness activities.
4. **Week 4 — Evaluation**
   Collect feedback and prepare final report.
